## EDUCATION

### **American Commercial College, Lubbock, TX — *Administrative Assistant Certification***

January 2010 - September 2010

I was going to this school to get my certification in Administrative Assistant.

### **South Plains College, Levelland, TX — *Not finished Design Communication in Associate Degree***

August 2008 - December 2009

I was attending South Plains College at this time to become a Graphic Designer in Design Communication, but life happened, and I was not able to finish.

## SKILLS

I have learned the Front-End and Back-End of the Web, and use all the tools to how to create a Web page making it from scratch learning in the Classroom WEB 101.1 HTML, CSS, JavaScript, C#, .NET, and Angular Front-End.

## LANGUAGES

HTML, CSS, JavaScript, Front-End Web Development, Back-End Development, SQL, PHP, C++, and Python

## **Lubbock Coding Academy, Lubbock, TX — *Full Stack Web Developer***

October 2019 - November 2020

I have attended this program to get hands on how to create web from scratch, and hopefully to make it to graduation so I can make a career as a Web Developer in the end.

### **PROJECTS**

#### **Project Name — *Capstone Project - MyRadioApp***

I would like to present my Capstone Project that I finished in my 421.4 Angular Front-End cohort and I wanted to present this Radio App focus on Lubbock Market Radio Station Apps. I would like to take this opportunity to give out users a way how to listen to their favorite Lubbock Radio Station and how to add it on the webpage
